World Environment Day - Putting Ecosystem Restoration on a Pedestal

10. SCHOOL FACEBOOK PAGE: Please like us and befriend us so you can participate and see what your children are doing at school. Not often we come out to you with our newsletters. We post regularly on our Facebook page and it would be great to share them with you all.

11. LIBRARY: Children are allowed to borrow books when they come to collect homework during the holiday period to

continue with their reading. Many reports show that reading is one aspect children need more help/support from home. Kindly become aware of your child's need in this area to assist.

Let me take you inside the school to share the news of your children. Hope you like the pictures we publish in the newsletter. If you wish to see more, our photos, the school Facebook page is the best place to be!

12. PLAY/PRESCHOOL CLASS - MRS MATUI & MS HEAGI:

Hello parents/guardians!

We are well and good and have completed all our assessments for the half year reports. I am happy with all the children, especially Monalisa who is usually shy and quiet. She can now talk openly during their Circle time to share her weekend story. Well done Monalisa!

When Papua first came to school, he kept to himself and did not want to talk and play with others. Now Papua has made lots of friends and loves to sing and dance!

Winston loves to paint and get his hands covered in paint. He likes to sing and dance also. Winston really shows maturity and is now eager to learn unlike a few weeks ago. He cried daily and it was difficult but we got Ms Daro to help out and he now loves to come to school. Well done Winston!

The Play/Preschool children are preparing for their concert and are practicing hard. Please kindly help your child at home.

Thank you from the class teachers.

Mrs Matui - Class Teacher

13. PREP & GR 1 CLASSES - MRS MEA:

Greetings to you all. So much has happened over the last 8 weeks of schooling. We are pleased to share updates with you.

Our Term 2 program

All lessons have been covered, tested and assessed but only those several ones who may be reportedly sick must complete this term's assessment expectations before graduating from Bava International School with their certificate!

Tests and assessable tasks are done. Reports have been written ready for handout at the end of the term. Revision of activities will continue for the next 3 weeks of school. Concert scripts will be given out to each child to practice in school and at home.

Holiday homework will be given weekly (pick up every Tuesday.) Term 2 student portfolios will be given at the end of this term with only fully paid school fees. Concert costumes with script notes will be written in the diary.

Activities and Events

Children were able to explore, discover and understand the theme and lessons based on the environment. We celebrated the World Environment Day! Last week was one of the best Event to blend with our theme for this term.

Children were able to create craft animals and plants. They even planted Sunflower seeds and other plant parts for our practical lessons.

Performance (Academic behavior)

Thank you to all our parents for supporting and providing the resources we needed for our planting activity as well as our health lesson on food. Thank you also for your continuous support in your child's education. So far I have seen a lot of improvement in the Prep and Grade 1 class with their academic performance. We will continue guiding them with their behavior in school and at home.

Lastly, I wish to ask you to remind your child to follow the Covid-19 Protocols and safety measures always before sending them to school.

Thank you and stay safe.

Assessments and Reports

All Assessments for this term have now been completed. The students have done well generally and I am so happy. Student Reports have also been completed.

Class Highlights

I am pleased to see students improving in their studies as well as their general behaviors. But there's still room for improvement, therefore we will continue to work on these key areas and I am asking parents to do likewise at home.

Teacher Parent Interviews

Any parent interested should call the school office so appointments can be done in advance. Interviews will be done during the Term 2 holidays. Phone: 3258715

Lastly, I want to thank all my parents for your assistance towards our science practical on Coloured Lettuce.

15. LIBRARY CORNER - MS RUTERA:

Hello parents! The Library is open for borrowing for the remaining weeks until Tuesday 22nd June in Week 11. You are

kindly asked to return any school books on Wednesday 23rd June before 25th Concert Day. In addition to borrowing, students are allowed to borrow books unless they have a library bag. No library bag, no borrowing of school library books. So please if your child has not been borrowing, buy a library bag for him or her to borrow books in.

The library assessment and reports are completed and are ready for pickup during the Concert! Students are now practicing for their concert at school and please help them at home too.

Thank you.

Welcome back all. Some of our reminders here, please note.
